From heart to heart

We meet and we greet, too shallow and fast.
The words quickly spoken, we know they won't last.
The weather, our work; let's not go too far.
Why is it so hard to show who we really are?
Changes are hard to make,
Yet we know in our hearts there's a step to take.

Refr:

Come let's really get together,
Come let's meet from heart to heart.
Taking time feels so much better,
Let love be the answer; make a brand new start.
Come let's really get together,
Let us meet from heart to heart.

What Jesus once said is still up to date;
It's never too hard and it's never too late
To walk in His light with fam'ly and friends.
Then you'll realize the love of God never ends.
Changes are hard to make,
Yet we know in our hearts there's a step to take.

Refr:

Come let's really get together...

Bridge:

Let your love show; it's satisfying all the way.
Come together, showing who you are, don't waste another day!

Refr:

Come let's really get together...
