

You touched my heart

Morning comes
The sun is rising low
The night is gone
The dew dissolving slow
The sunlight covers starlight
and its rays obscure the moon
And I feel your Love is burning
All the coldness out my heart

*You touched my heart
You're inside me
And You love me
The way I am*

*You touched my heart
And I am so grateful
For what you have given
Hardship and pain
So we could gain
Your love and life eternal*

It's almost noon
The clouds are disappearing
The sky is clear
It's songs of birds I'm hearing

Seems truer everyday
Oh, life can have its way
But then after rain the sun will shine
And I feel that You've given me a sign

*You touched my heart
You're inside me
And You love me
The way I am*

*You touched my heart
And I am so grateful
For what you have given
Hardship and pain
So we could gain
Your love and life eternal*

Brug:
And the waves are high, but for me they don't exist
Because Your weathered hand will guide me through the mist

'Cause even if this world is hardened and heaven seems far away
With you I will not go astray

Couplet 3:

Evening comes
The day is growing older
The light is gone
And it is turning_colder

Through life and death You're with me
Forever in Your light
I take comfort in knowing
That You are by my side

You touched my Heart
And You're not letting go
It is amazing
Eternal God
And You have changed me and the way I look into the world.
