

Hallelujah God is here

Jesus be alive in me today
Let your living waters flow, as we stand to give you praise
Bring us to your presence everyday
Open up our eyes to see, all the beauty of your name

Lord, like a fountain, we lift our lives to you, singin', singin'

Hallelujah Hallelujah God is here god is here
Hallelujah Hallelujah God is here
In your presence we are strong, Holy spirit draw us near
Hallelujah Hallelujah God is here

Jesus we are here to worship you
To celebrate your saving grace and to welcome all your truth
Let your perfect peace rule our hearts
Wash away our worried thoughts with the power of your love

Lord, like a fountain, we lift our lives to you, singin', singin'
