

Star of Wonder

All is still and
Filled with wonder
Stars so bright now
Paint the sky
There is one
Outshines the others
One whose light now
Crowns the night

Star of wonder
Star of night
Star with royal
Beauty bright
Ever leading
Still proceeding
Guide us by your
Wondrous light

Shepherds herding
On a hillside
Startled by a
Blinding light
There before them
Stands an angel
Speaking of a
Joyous sight

Brilliant rays point toward a manger
Never seen above the earth
Never born before or after
Only once upon a time
