

God hid a lion

It looked like defeat on Mount Cal-v'ry
when Jesus died on that tree;
His story was doomed in that stone-cold tomb
And darkness thought He was through.
But on Day three Jesus breathed
And walked out of the grave in victory.

Chorus

God hid a Lion inside that Lamb,
Death couldn't hold the Great I AM;
On this truth my faith's gonna stand,
God hid a Lion inside that Lamb.

Those chains from the curse have been broken
And graveyards bow before Him;
The powers of hell are so weak they fail
But heaven has hope to tell.
Cause on day three Jesus breathed
And walked out of the grave in victory.

Chorus

Bridge

The Lion of Judah, the Lamb that was slain;
The Pride of Zion was risen to reign!

Chorus

Ending

On this truth my faith's gonna stand,
God hid a Lion inside that Lamb.
