

Here in this holy place

Here in this holy place

Beyond the veil

Your awesome presence

Bids us silent now

In holy fear we stand

Feeling the breath

Of Your Spirit blowing here

Cleansed by the precious blood

Now we draw near

In full assurance

Of Your perfect love

Boldly we come before

Your throne of grace

For Your Spirit calls us here

Dear Lord I want to hear

Your gentle voice

Let other voices

Cease their worrying

And in the stillness

Open my eyes

To Your lovely smiling face
